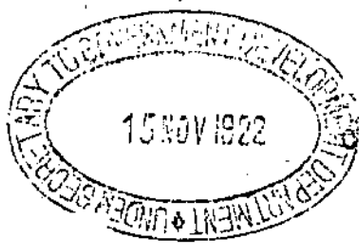
[Despatch Abstract.]

Forest - Dhupa fruit - Sale -
South Kanara District - order
- passed

D 2410 I
11-11-22

Refce.No.4354/22-1.

Office of the Chief Conservator of Forests, Chepauk, dated 9th Novr.22



To S. Cox, Esq., C.I.E., I.F.S.,
Chief Conservator of Forests

Read letter from the Collector of South Kanara, D.Dsi.No. 210/F. dated 18th October 1922:-

With reference to para 2 of your letter the District Forest Officers state that it is not possible to report on the condition of the Dhupa crop before the fruit becomes sufficiently mature, which will be only about the middle of July. And even if at the time the crop happens to be good, there is the risk of the fruit dropping down wholesale in case of any rough weather, which in this District is not unusual during the monsoon.

2. Dhupa fruit is one of the items of minor forest produce the right of collection of which is sold annually in May and these sales will be all completed by the time the report on the condition of the crop can be made. In case the Corporation owing to any cause fail to take up the right of collection, so much revenue will be lost to Government, as then there will be hardly time to advertise the sale of the fruit, which in the usual course drops down fully by the end of August. The District Forest Officers are of opinion that in these circumstances it is not advisable to have any further dealings with the Corporation on the lines suggested by them and I fully endorse this opinion. I therefore recommend that Dhupa fruit may in future be included in the sale notice of minor forest produce and sold along with other items of the produce in the month of May.

Endorsement thereon of the Conservator, VI Circle, Ref.No. M./1620/22 dated 24th October 1922:-

Forwarded. I agree with the Collector. The Dhupa fruit might however be sold separately.

Reference

Submitted to Government with reference to paragraph 2 of G.C.No.Mis.1236 Development dated 15-9-22.

(B)

2. In the circumstances explained by the Collector I concur in his opinion that the Eastern Development Corporation Ld. cannot be given the opportunity of tendering for the collection of Dhupa fruit and support his recommendation that Dhupa fruit may in future be included in the sale notice of minor forest produce. The produce may, however be sold separately so that it may be open to the Corporation to bid for it at the auction sale.
